Karina Ivanova

Junior Frontend Developer

As a highly motivated Frontend Developer, I am passionate about creating captivating web experiences that leave a lasting impact on users. With a strong foundation in HTML, CSS, and JavaScript, I am eager to utilise my skills to craft intuitive and responsive interfaces that blend aesthetics with functionality.

Experience

Agentum LLC / Moscow, Russia

Junior Frontend Developer

🗓 Apr 2022 - Current relocation

- Collaborated with a team of developers and designers to create visually appealing and user-friendly websites using HTML, CSS, and JavaScript.
- Actively participated in code reviews, providing valuable feedback to peers and implementing suggestions for enhanced code quality and maintainability.
- Collaborated closely with cross-functional teams, including designers and backend developers, to understand project requirements and deliver high-quality code within tight deadlines.
- Successfully implemented responsive designs, ensuring seamless user experiences across various devices and screen sizes.
- Resolved complex frontend issues, conducting thorough debugging and testing to ensure bug-free code and optimal functionality.
- Contributed to continuous improvement initiatives, actively participating in code reviews and providing valuable feedback to team members, resulting in enhanced code quality and productivity.
- Introduced new design patterns and best practices to enhance code maintainability, leading to a 20% reduction in technical debt.
- Led a small project to develop a lightweight CSS framework, streamlining the development process and reducing the reliance on third-party libraries.
- Actively engaged in departmental meetings, workshops, and knowledge-sharing sessions, fostering a culture of learning and growth.
- Utilised version control systems like Git, facilitating efficient collaboration and code management within the team.

Experience

Korean International School Qingdao (KISQ) / Qingdao, China

English Second Language Teacher

📅 Aug 2019 - Apr 2022

- Facilitate engaging English language lessons for diverse groups of students, including children, teenagers, and adults, fostering a positive and interactive learning environment.
- Develop tailored curriculum and lesson plans to meet the unique needs and proficiency levels of each student, ensuring continuous progress and language acquisition.
- Utilise a variety of teaching methods, including games, role-plays, and multimedia resources, to make language learning enjoyable and effective.
- Successfully guided students through language proficiency exams, resulting in a high success rate and improved confidence in their language abilities.
- Collaborate with fellow teachers and academic staff to organise cultural events and language immersion activities, enhancing students' language learning experience.
- Received positive feedback from students and parents for creating an inspiring and supportive learning atmosphere that instills a passion for language and cultural exploration.

Jolly English / Qingdao, China

English Second Language Teacher

📅 May 2018 - Jul 2019

- Facilitate engaging and interactive English as a Second Language (ESL) classes for students of diverse ages.
- Assess student performance regularly through tests and assignments, providing constructive feedback to support their language development journey.
- Design and implement tailored lesson plans to address individual learning needs and language proficiency levels.
- Organise cultural exchange programs and extracurricular activities to promote cross-cultural understanding and language immersion.
